

# American Chemical Society Division of Inorganic Chemistry Award

The American Chemical Society, Division of Inorganic Chemistry, gives this award to encourage student interest in inorganic chemistry, to recognize achievement in inorganic chemistry and to encourage further study in the field. The award is presented to a senior, selected by the Undergraduate Affairs Committee on the basis of success in inorganic chemistry courses and undergraduate research in the field.

The award consists of a certificate of recognition and letter of commendation from the Chair of the Division of Inorganic Chemistry, which is presented at the Department of Chemistry awards ceremony on commencement day.
