

DEPARTMENT OF CHEMISTRY

ANALYTICAL/MATERIALS CHEMISTRY SEMINAR SERIES

Fall 2012

Wednesdays at 12:00 Noon

NSC 306

(*unless noted otherwise)

***October 1**

MONDAY in NSC 306

at 12:00 Noon

Prof. Michael Serpe, Department of Chemistry, University of Alberta

Fun with Poly (N-isopropylacrylamide) Microgel-Based Etalons

October 24

Dr. Andreas Hermann, Department of Chemistry & Chemical Biology,
Cornell University

*Binary and Ternary Lightweight Compounds – Computational
Investigations from H to O*

University at Buffalo
State University of New York
