

# DEPARTMENT OF CHEMISTRY

## MATERIALS/ANALYTICAL CHEMISTRY SEMINAR SERIES

# Fall 2010

Wednesdays at 12:00 PM  
NSC 306

*\*(unless noted otherwise)*

---

September 1

**Prof. Sherri A. Mason**

**Environmental Sciences Program, SUNY Fredonia**  
*"Investigations in Atmospheric Chemical Kinetics"*

September 8

**Prof. Richard G. Henning**

**Department of Materials Science and Engineering, Cornell University**  
*"Predicting Structure Formation Across Length Scales – from Crystal Structures to Nanoscale Assembly of Hybrid Materials"*

September 23

**Dr. Fergus Keenan**

*\*(Thursday at  
11:45 AM)*

**Thermo Fisher Scientific**

*"Research Applications of ICP/MS with Laser Ablation and HPLC Systems"*

October 6

**Prof. Alex Adronov**

**Department of Chemistry and Chemical Biology, McMaster University**  
*"Title to be Announced"*

October 20

**Prof. Geoffrey Hutchison**

**Department of Chemistry, University of Pittsburgh**  
*"Title to be Announced"*

---
